Dear Friends:

I am writing this letter to recognize the many contributions of Riverstone Senior Life Services to the Upper Manhattan community.

For 30 years, Riverstone Senior Life Services has been a vital part of the Washington Heights-Inwood neighborhood, as it provides elders with key services to maintain healthy and active lifestyles. Whether it's providing hot nutritional meals, assistance to caregivers, addressing signs of elder abuse or keeping an "open door" to seniors with disabilities, Riverstone has been a place for elders and their families to feel welcome and receive the support they need.

I join many in the community in appreciation of Riverstone's 30 years of public service and send best wishes for a successful anniversary gala. We value the impact Riverstone has on our uptown community and hope to see it thrive and grow in the years to come. May they continue to give our seniors the continued support that helps them overcome challenges and to live productive lives.

Sincerely,

A handwritten signature in black ink that reads "Mark Levine".

Mark Levine  
Council Member, 7th District, Manhattan
